FISCAL ANALYSIS

ASSUMPTION

Officials at the **Office of Secretary of State (SOS)** assume each year, a number of joint resolutions that would refer to a vote of the people a constitutional amendment and bills that would refer to a vote of the people the statutory issue in the legislation may be considered by the General Assembly.

Unless a special election is called for the purpose, Joint Resolutions proposing a constitutional amendment are submitted to a vote of the people at the next general election. Article XII section 2(b) of the Missouri Constitution authorizes the governor to order a special election for constitutional amendments referred to the people. If a special election is called to submit a Joint Resolution to a vote of the people, section 115.063.2, RSMo, requires the state to pay the costs. The cost of the special election has been estimated to be \$7.1 million based on the cost of the 2012 Presidential Preference Primary. This figure was determined through analyzing and totaling expense reports from the 2012 Presidential Preference Primary received from local election authorities.

The Secretary of State's Office is required to pay for publishing in local newspapers the full text of each statewide ballot measure as directed by Article XII, Section 2(b) of the Missouri Constitution and Section 116.230-116.290, RSMo. The Secretary of State's Office is provided with core funding to handle a certain amount of normal activity resulting from each year's legislative session. Funding for this item is adjusted each year depending upon the election cycle with \$1.3 million historically appropriated in odd numbered fiscal years and \$100,000 appropriated in even numbered fiscal years to meet these requirements. The appropriation has historically been an estimated appropriation because the final cost is dependent upon the number of ballot measures approved by the General Assembly and the initiative petitions certified for the ballot. In FY 2013, at the August and November elections, there were 5 statewide Constitutional Amendments or ballot propositions that cost \$2.17 million to publish (an average of \$434,000 per issue). Therefore, the Secretary of State's Office assumes, for the purposes of this fiscal note, that it should have the full appropriation authority it needs to meet the publishing requirements. However, because these requirements are mandatory, we reserve the right to request funding to meet the cost of our publishing requirements if the Governor and the General Assembly change the amount or eliminate the estimated nature of our appropriation.

ASSUMPTION (continued)

Oversight has reflected in this fiscal note, the state potentially reimbursing local political subdivisions the cost of having this joint resolution voted on during a special election in fiscal year 2014. This reflects the decision made by the Joint Committee on Legislative Research, that the potential cost of elections should be reflected in the fiscal note. The next scheduled general election is in November 2014 (FY 2015). It is assumed the subject within this proposal could be on that ballot; however, it could also be on a special election called for by the Governor. Therefore, Oversight will reflect a potential election cost reimbursement to local political subdivisions in FY 2014.

Officials from the **State Treasurer's Office** assume there will be no fiscal impact to their agency.

Officials from the **Missouri Veteran's Commission** assume the impact to their agency will be unknown.

Officials from the **Missouri Lottery (LOT)** assume the proposal requires the LOT to develop and sell a veterans lottery ticket, net proceeds from which are to be deposited in the veteran's commission capital improvements trust fund. Lottery proceeds, net of prizes, and administrative expenses, are currently appropriated solely to public education.

LOT assumes this proposal would divert lottery proceeds funding away from education, requiring General Revenue to be used to absorb the shortfall negatively impacting Total State Revenue.

LOT assumes overall sales and expenditures will be unaffected; the Veterans' lottery ticket instead would displace an equivalent existing game. The state fiscal impact estimate assumes average annual net proceeds for a \$2 instant game ticket. If a \$1 instant game ticket is assumed, fiscal impact would be slightly less negative (negative \$1.5 million to negative \$1.8 million for a \$1 ticket versus negative \$2 million to negative \$2.6 million for a \$2 ticket).

Officials from the **Department of Elementary and Secondary Education (DESE)** assume they have received Lottery funds since 1994. During the last four fiscal years, DESE has received the following proceeds from Lottery sales:

2008	\$181,442,919
2009	\$181,949,215
2010	\$179,434,984
2011	\$163,619,956
2012	\$165,081,892

Developing a "Veteran's Lottery Ticket" and depositing the proceeds into the Veterans' Commission Capital Improvements Trust Fund will likely significantly impact DESE's proceeds; however, they cannot determine to what extent.

ASSUMPTION (continued)

House Amendment 1

Oversight assumes the amendment, upon voter approval, changes the date from July 1, 2014 to July 1, 2015 for the Missouri Lottery Commission to develop and begin selling a “Veterans Lottery Ticket”. The amendment does not change the direct fiscal impact of the proposal.

Oversight assumes the HJR would be voted on at the general election in November 2014. If approved, **Oversight** assumes the Missouri Lottery Commission would implement the new Veterans Lottery Ticket during the last six months of FY 15 but no later than July 1, 2015.

FISCAL IMPACT - Small Business

No direct fiscal impact to small businesses would be expected as a result of this proposal.

FISCAL DESCRIPTION

Upon voter approval, this proposed constitutional amendment requires the State Lottery Commission to develop and begin selling a "Veterans Lottery Ticket" by July 1, 2015. All net proceeds received from the sale of these tickets must be deposited solely into the Veterans' Commission Capital Improvement Trust Fund.

This legislation is not federally mandated, would not duplicate any other program and would not require additional capital improvements or rental space.
